Foreword

The torch of the future burns brightly with the hopes and dreams of men. Within its flame glow the promises of love, peace, and security. Yet shadows of trials and tribulations blur its radiant splendor.

We, the Class of 1968, grasp the torch. Leaving these halls with memories that will never grow dim, we vow to hold the torch high above the darkness. To this oath, we present the LOG of 1968, that though the flame may waver, it will never fail.

BOARD OF EDUCATION

Seated from left to right: Mr. Sam Saunders, Farmingdale; Dr. William R. Satz, Superintendent; Mr. John Tergis, Marlboro Township; Dr. Eugene Errickson, Freehold Boro. Standing from left to right: Mr. Norman Rucci, Howell Township; Dr. Jacob Lewis, Freehold Boro; Mr. Donald Nash, Colts Neck; Mr. Frank Steintz, Manalapan-Englishtown; Mr. Ambrose Jennings, Howell Township; Mr. Paul Chieff, Secretary. Absent from picture: Mr. Gilbert Landes, Freehold Township.

SUPERINTENDENT

I would first extend to the Class of 1968 my congratulations and sincere wishes for a satisfying and productive future.

You now become a more active participant in a world which desperately needs the effort, courage, and sacrifice which each of you have the capacity to provide. In large and small ways the future will present you with opportunities to contribute positively to the health and well-being of our total society. It is to be hoped that your years of high school education will provide, in part, the intellectual and moral substance so necessary for the citizen who lives and functions within a democratic society.

I am confident that the Class of 1968 will respond to the demands of the world of today and tomorrow.

Dr. William R. Satz

PRINCIPAL

Each day you read conflicting facts and theories, countless happenings from every corner of the globe. What shall you believe and what should you discard as valueless? How can you recognize the truth? These and other questions plague you endlessly; you commence by believing everything and finish by believing nothing! And now, you, the new generation, must carry on the "torch of mankind."

Will you allow the perpetuation of failure and the bewilderment that besets the world today? Will you, our next generation, give only too clear evidence of your parentage? Or will you strive to possess individuality, initiative, real thinking and judgment, and creativeness? You must assimilate the implications of freedom and correct rather than endure the mistakes of the past. You must lead us into efficient humanitarianism. I do not suggest radicalism. I suggest concerned and honest criticisms.

It is your responsibility not only to be knowledgeable about changes already accomplished but also to open the way for future changes which will enrich human life.

The world's physical frontier is gone; its cultural frontier, however, will never disappear. Man's endless struggle against ignorance and superstition, the search for truth and power over nature and self—these outposts of the ever-expanding cultural frontier must be your concern, your challenge.

Histories written in the future will judge your generation in the perspective of time. Let the record show the birth pangs of a new world civilization based on efficient humanitarianism.

Thaddeus S. Lubaczewski

ASSISTANT PRINCIPAL

Mr. Allen Berlin

*To Desly:
We sincerely appreciate your
able assistance in the office.
I want to take this opportunity*

History has taught us that from adversity, met with determination, springs strength; from opportunity, grasped with eagerness, comes progress and success. Very few generations have been confronted with a challenge as imposing as that which is before you at this milestone in your lives.

*to wish you luck and success
in the future. Also, my
congratulations to your father.*

*Sincerely,
Allen Berlin*

ASSISTANT PRINCIPAL

Mr. Peter Federocko

Most people are aware of the contribution of schools to students, and can recite the facts and figures which they acquired in their school life, but we hope you have acquired something more, something intangible, perhaps, but of greater importance. We hope you have learned to be of service!

IN MEMORIUM

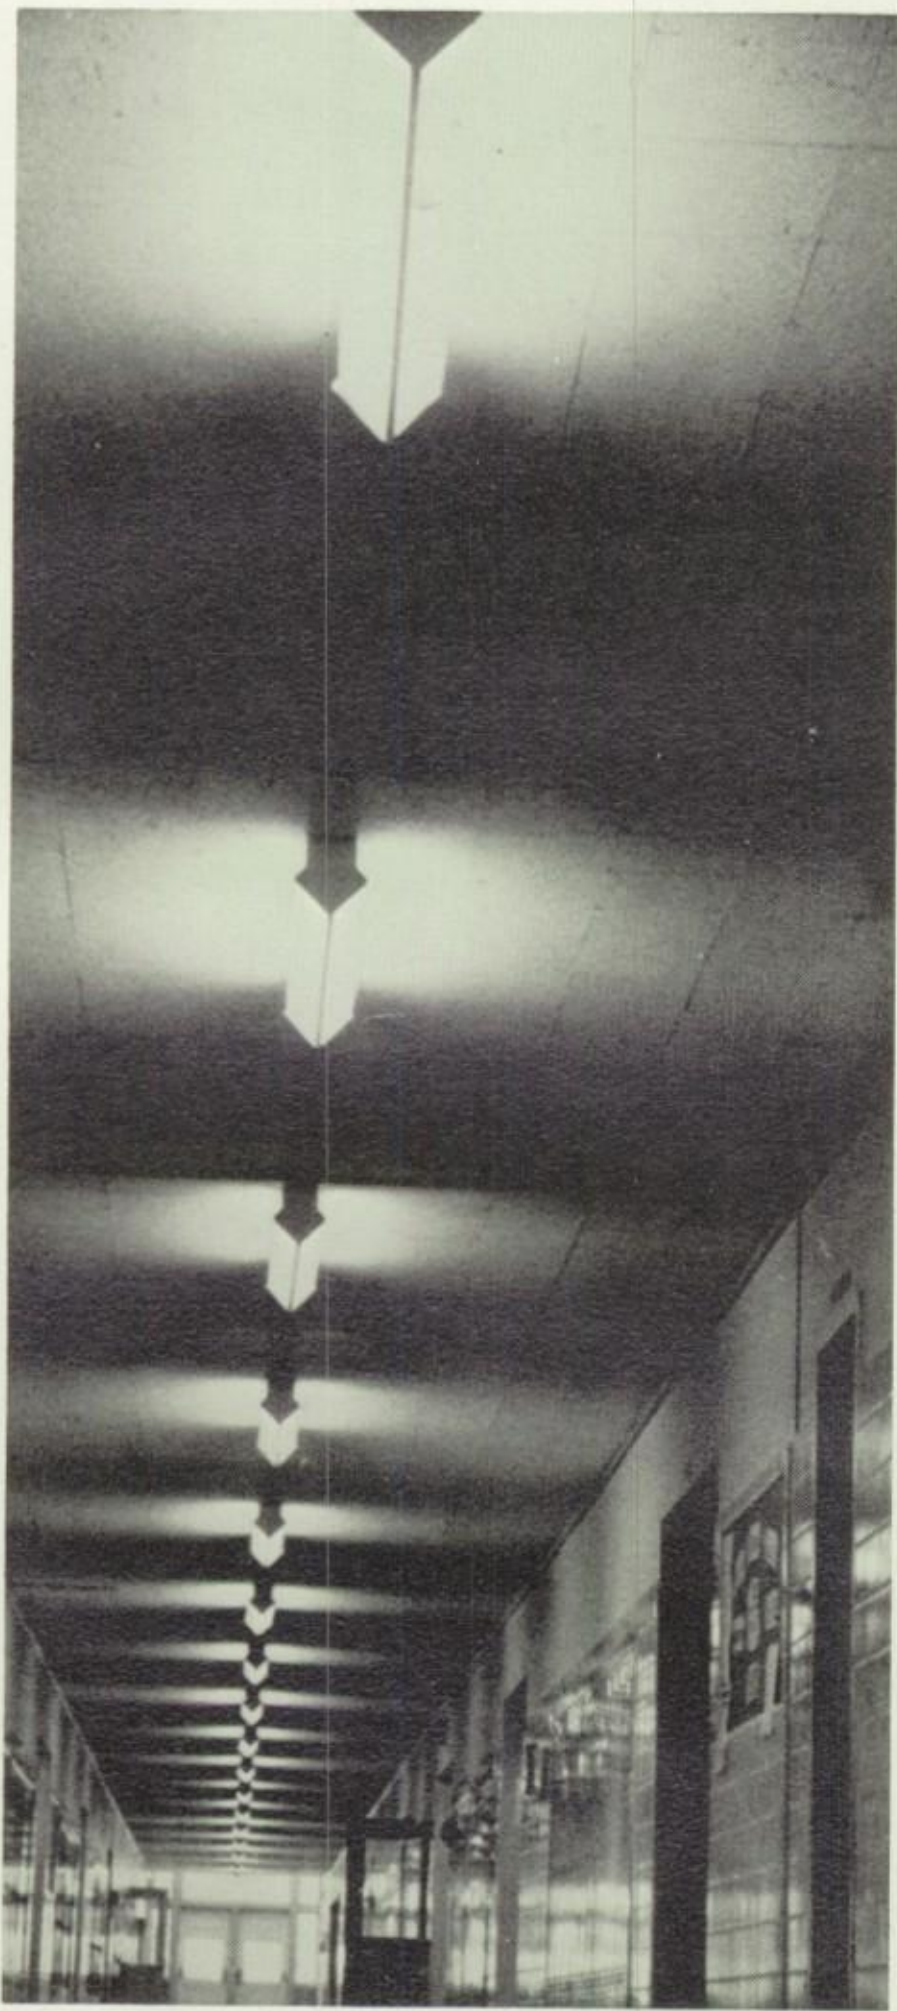

ALBERT E. BENNETT

When a great man dies,
For years beyond our ken,
The light he leaves behind him lies
Upon the paths of men.

Not enjoyment, and not sorrow,
Is destined end or way,
But to act, that each tomorrow
Find us farther than today.
